Other possibilities include San Diego, Magic Mountain, or a new amusement park in Santa Cruz, Marriot's Great America. Disneyland is booked up for two years.

Anderson is also working on a legal senior ditch day, which would include a picnic or other type of organized activity. Possible sites for the day include Mile Square Park or the beach.

L.A. Boosters Plan Ahead

Athletic Booster Club of Los Amigos has planned an interesting and busy year with their third meeting being held Tuesday, Sept. 27 at 7:30 p.m. in the Commons. Football films of past games will be shown at the meeting.

At the next meeting, Oct. 4, boys' cross country and girls' tennis members will be introduced along with their coaches. Video tapes of meets will be viewed. Tuesday, Oct. 11 will be football films, and Tuesday, Oct. 18 will be the introduction of the cheerleading squads. All meetings start at 7:30 p.m.

The Booster Club has many materials needed either donated or purchased: steel for reinforcement, poles for fencing, chain link fencing, concrete and finishing, digging equipment, poles for weight equipment, music system for weight room, and a tennis ball machine.

The Booster Club's other needs for donation are steel poles for temporary fencing on the fields, racks to support swimming lane markers, wood (all types for shelving, cabinets, etc.) fencing and poles for batting cage, cones to mark the cross country course, and rope for temporary fencing.

The Booster Club is trying to get parents to join in hopes of having a great year. The Booster Club also needs a President for the year.

Faculty Changes Hit L.A.; Four New Teachers Arrive

Los Amigos has four new members on the faculty this year. All four have to play racquetball and all four are still in school.

Mr. Bill Turner, special education, and Mrs. Toni Contreras, home economics, left Peters Intermediate to teach in place of Mr. Richard Stuelke and Mrs. Vi Tisedo.

Mr. Turner's hobbies include "hamming it up" on his ham radio (shortwave) and traveling. He also enjoys playing basketball and racquetball, while Mrs. Contreras collects hats and musical instruments. Mrs. Contreras also enjoys jogging and mentioned she has played Mr. Turner in racquetball.

For all freshmen from Fitz Junior High who are wandering around aimlessly, stop in room M7 and see a familiar face. Mrs. Myra Deister, otherwise known as Miss Beach, is teaching general math and algebra. Mrs. Deister is currently enrolled at Cal State Fullerton and is looking for female competition in racquetball.

Mr. Al Thompson, from Rancho Alamitos, is replacing Dr. Beverly Robinson as counselor for students whose last names begin with H-Z. He also enjoys jogging and photography when not working as an undercover policeman for Disneyland.

What do they have to say about Los Amigos so far?

"The teachers and students are very friendly . . . I'm happy here," said Mr. Turner.

Mrs. Deister described her first week as "very enjoyable."

Mrs. Contreras feels the students deserve a break between second and third periods.

Mr. Thompson expressed "I'm looking forward to a fine year here at Los Amigos with the faculty and student body."

Although Los Amigos gained four new members to the faculty, several others left after last year.

Sandy Church went to Idaho, Orville Williams, Venezuela, Beverly Robinson, San Dimas School District, Beverly Walden, Rancho Alamitos, John Alexander, Bolsa Grande, Bob Tarter, Garden Grove High School.

The new faculty members of Los Amigos are from l. Mr. Al Thompson, counselor, Mrs. Toni Contreras, home economics, Mrs. Myra Deister, general math and algebra, and Mr. Bill Turner, special education.

Dee,
You're such a great friend! You always seem to understand how I feel, even if it isn't the way you feel. We've had some really great times together and I hope to have many more! (Especially waterskiing!) I want to get a chance to do a lot more with you too! You're so sweet! Please, don't ever change. You've got a heck of a sense of humor too! (You're a nut!) We've shared all kinds of experiences together some happy some ~~sad~~ sad, and some just plain old down right weird! I can't wait till this summer, I expect to share a lot more WEIRD times! Maybe we can go to the beach or the show, or maybe even Disneyland or Knott's Berry Farm. I'd don't expect to ski this summer.

Although the class of 1978 is graduating this June the accomplishments of our duration of Los Amigos will endure forever. They range from excellence in the classroom to dominance on the playing fields. Members of this senior class have also shown their talents in the music and drama departments, along with winning numerous awards for their beautiful works of arts. By winning the traditional spirit week competitions both our junior and senior years have shown our unity and enthusiasm throughout our years at Los Amigos.

Even though these achievements are the most dominant in our minds today, the friendships we made in high school will always remain in our hearts. Our years at Los Amigos were productive as well as being fun.

Now that our time at Los Amigos is over, we must face new responsibilities. During our lifetime, we shall devote our efforts to create and to enjoy it, and also to keep it in store in society so that individuals of the future may also enjoy it.

Good Luck Underclassmen
In your future years

To Ignatz and Lynardo, Thanks
for being such great friends! Sally

Reflecting back on high school is something that everyone will do after graduation. This edition of the Reflector was designed to assist you in remembering times spent with friends and the events that went on during the year. Although it is impossible to cover everything, we did our best to feature the highlights of the year.

Student Life is a new part of the book. It was designed to help you remember what went on in 1978.

The 1977-78 Reflector staff was a unique one. With only seven members of the staff returning from the year before, there were also 16 new members that came into the class not knowing exactly what was ahead of them. There were those days when it seemed as though nothing would go right but after learning how to work with each other, things were smoother.

Special thanks to John Turner who did the artwork on the endsheets, Mr. Dick Beem and Roberts Portraits who did a trememdous job of helping us when deadlines came around and Mr. Bob Grunow who made a stained glass cabinent for us to keep all of the yearbook layouts in.

I would also like to apologize to the teachers that were interrupted during class. Unfortunately the interruptions were unavoidable.

With this opportunity I would also like to thank Mrs. Carol Strauss for doing a fantastic job as advisor. Without her time, patience and advice there might not have been a yearbook. And then there is the staff who worked hard and really concentrated on getting the book done.

What more can an editor ask for?

Thank you,

Jamie Valencia
